

MOSAIC™ Document Destruction Business in Dallas

Why Document Destruction?

Destroying documents to protect the privacy of individuals and to follow state and federal regulation compliance is critical to combat identity theft and corporate espionage. Each year, approximately 10 million Americans are affected by identity theft.

The American Society for Industrial Security estimates that corporate espionage, such as stealing customer lists, marketing plans, and other proprietary information, costs the American economy \$45 billion in lost profits and opportunities.

About Mosaic Document Destruction

Thanks to the financial grant from the Hillcrest Foundation, founded by Mrs. W.W. Caruth, Mosaic in Dallas is providing a new document destruction service for the community. These services protect the privacy of businesses and individuals while helping the environment. This business provides meaningful paid work to individuals served by Mosaic, turning traditional vocational services into an income generating business that provides work for people at all skill levels.

Mosaic will pick up documents free of charge and destruction will be done at the Mosaic secured site. The business is bonded and confidentiality is guaranteed.
