Mosaic is an affiliated social ministry organization of the Evangelical Lutheran Church in America, a recognized service organization of the Lutheran Church—Missouri Synod, and a member of Lutheran Services in America.

Why Document Destruction?

Destroying documents to protect the privacy of individuals and to follow state and federal regulation compliance is critical to combat identify theft and corporate espionage. Each year, approximately 10 million Americans are affected by identity theft.

The American Society for Industrial Security estimates that corporate espionage, such as stealing customer lists, marketing plans, and other proprietary information, costs the American economy \$45 billion in lost profits and opportunities.
