Are you on a waiting list for services,  
but need some supports now?

Are your current Supported Living  
Services not meeting your needs?

Are you a parent or guardian  
seeking in-home services for  
your loved one with a disability?

If you answered yes  
to any of these questions,  
**Mosaic is here to bridge the gap.**

Mosaic, and legacy organizations Bethphage and Martin Luther Homes, have provided services to clients for nearly 100 years. Now, Mosaic expands to create Mosaic Life Assistance Solutions, designed to provide a full range of services and supports for individuals with intellectual and developmental disabilities in their homes. Provided by trained and caring staff, these services are offered to support people when family members or friends aren't always able or available to help.

These supports are designed for individuals who find themselves on a wait list to receive state-supported services; find themselves no longer eligible for state provided services due to tightened regulations; or whose needs are not being met by their current Supported Life Services provider.

The tasks required for everyday living may be difficult or daunting for some individuals without assistance. *This is where Mosaic Life Assistance Solutions is designed to help.*

#### Services offered may include:

- Assistance with personal hygiene
- Meal preparation
- Companionship
- Assistance with light housekeeping
- Shop for groceries and supplies
- Escort to appointments
- Accompany to lunch or dinner
- Escort for shopping and errands
- Attend plays and concerts
- Escort to religious services
- Attend meetings/events

The reasons vary as to why Mosaic Life Assistance Solutions would be the right choice for your situation. But in every case, it is done with one purpose in mind ... to provide in-home services that enrich the lives of individuals with disabilities and helps them maintain the highest possible level of independence. And that pledge of service shows every hour in the commitment and dedication of our caring and highly-trained staff.
