Tours

Mosaic invites you to take a tour at one of the 11 newly constructed homes. All of the homes are similar in design and licensed as an Intermediate Care Facility (ICF/ID) or a Center for Developmentally Disabled (CDD). Some of the homes are medical support homes which have the same licensing as a CDD. Additional homes are under construction in Papillion and in York and will be available for tours in April 2011.

You may contact Marilyn Carper, Mosaic Operational Excellence Director at 402-440-2755 to schedule a tour.
