

 **MOSAIC**
AT HOME

Open your heart. Open your home.

For more than 20 years, Mosaic has provided improved quality of life, greater stability, and increased community access for people with intellectual disabilities with at-home services.

Mosaic at Home

Mosaic is the recognized leader in making a positive difference in people's lives. We are passionate about services and partnerships that create meaningful lives in caring communities. Inspired by faith, we give voice to issues that affect people's lives.

Services through Mosaic at Home build lasting relationships between people with intellectual disabilities and a provider contracted with Mosaic. Supports are designed around the specific needs and desires of each person. While sharing their home, the provider integrates the person served into the life of the household and the greater community.

It's Personal

Placement with a Mosaic at Home provider is based on matching the interests, values, lifestyle and personality of the provider and the person served.

A variety of criteria is used to find the best match, resulting in long-term placements.

The process of carefully matching people and providers means that the person served has the opportunity to live the kind of life he or she would like. Whether that means a relaxed home with peace and solitude or

apartment living with easy access to friends and social events, the right match offers community connection in the most successful and meaningful ways.

People supported by a Mosaic at Home provider achieve greater success building a personal support network *and* greater success interacting with other members of the community.

Mosaic at Home offers person-centered services by integrating people into the home and community.

Passionate Providers

Mosaic at Home partners with providers who have a heart for this important work. Some are past employees of Mosaic or other service providers, while others have personal experience with people with intellectual disabilities.

Mosaic at Home Provider Requirements

Mosaic sets high standards for providers and oversees ongoing training and support. Providers must pass regular background and driving record checks, and Mosaic also conducts reference checks.

Mosaic at Home Provider Supports

Mosaic provides 24-hour on-call support to answer any questions providers have about the people they support and provide assistance in emergency situations.

Providers meet regularly with a network of support staff who each provide one-on-one assistance and answer any questions.

Training is provided in several areas, including sessions about behavior management, CPR and first aid, and medication administration.

Meaningful Lives

- Natural, home setting
- High degree of independence and close supervision for safety and guidance
