

CALLLED to be **BOLD**

Our Mission

Embracing God's call, Mosaic relentlessly pursues opportunities that empower people.

Our Vision

We are the changing face of healthcare, passionate about serving the whole person and partnering for quality outcomes.

Mosaic is Called to be Bold!

The rapid pace of change today requires Mosaic to act.

In addition to providing services directly, Mosaic's ministry will integrate people into the larger community. With bold leaders, partners and friends, Mosaic is moving from programs and buildings to truly personalized services and networks of support.

The *Called to be Bold* campaign focuses on three priorities:

-  **Bold Leaders:** Providing personalized services today and ensuring long-term financial stability.
-  **Bold Partners:** Expanding networks of support to give more people the opportunity to be included in communities around the world.
-  **Bold Friends:** Ensuring people have all of the services they need to live a full life.

Called to be Bold is a \$63 million campaign built upon Mosaic's strategic plan to conquer today's challenges, transform the organization and be prepared for the future.

Bold Leaders

Personalized Services Goal:

\$10 million

Challenge: *People with disabilities and their families expect and deserve more options and choices than were offered in the past.*

Called to be Bold will:

- Provide more choices by transitioning people into Mosaic at Home.
- Network with community services, organizations and businesses to support personalized services.

Endowment and Planned Giving Goal:

\$30 million

Challenge: *Government funding is uncertain and will never provide everything it takes for people with disabilities to thrive.*

Called to be Bold will:

- Enable Mosaic to quickly capture growth opportunities.
- Innovate new services and programs that increase quality and satisfaction.

Bold Partners

Church Relations Goal:

\$1 million

Challenge: *Many churches are not trained on how to respond when a person with an intellectual disability comes into their midst.*

Called to be Bold will:

- Build partnerships to create and distribute disability education programs for churches and expand Rejoicing Spirits to new geographic areas.
- Expand immersion programs for colleges and seminaries.

International Outreach Goal:

\$2 million

Challenge: *In parts of the world, people with disabilities—especially children—are in dire need.*

Called to be Bold will:

- Deliver life-saving health care to children in Mosaic's Tanzania partner program.
- Strengthen Mosaic's integrated education centers in Tanzania for children with disabilities.

Bold Friends

Possibilities Annual Fund Goal:

\$20 million

Challenge: *The funding system is complex, but the facts are simple—most individuals with disabilities live in poverty and isolation.*

Called to be Bold will:

- Provide the daily essentials people need to live with dignity.
- Close the gap between what funding provides for people and what they actually need.
- Build increased self-confidence, independence, health and safety for people.

You are invited to learn more about the **Called to be Bold** campaign and how your donation can help provide real possibilities to the people Mosaic supports.
