**Mosaic acquires Arizona-based At Home Solutions,
a provider of services to seniors and people with disabilities**

OMAHA, Neb. – Mosaic, a national whole-person healthcare provider, has acquired At Home Solutions in Arizona. At Home Solutions provides in-home services for seniors and people with disabilities, and it will become part of Soreo In Home Supports, a service of Mosaic. The purchase was effective on Oct. 1 and adds \$1.4 million annual revenue to Mosaic.

The acquisition brings an additional 65 people and approximately 70 contractors into Soreo services. Soreo already served 798 people, through 24 employees and 695 independent contractors. The services help people remain as independent as possible and stay in their homes rather than move to long-term care settings.

“At Home Solutions fits with Mosaic’s vision for growth in new service lines that use our core skills and experience supporting people with diverse needs,” said Linda Timmons, Mosaic’s President and CEO. “It also continues to build organizational strength to respond to changing funding structures and value-based payment systems.”

The purchase fits Mosaic’s strategic and operational vision. It follows upon the 2017 acquisition of Companion Linc and Companion Services in Lincoln and Omaha, Nebraska, and the acquisition of Soreo in 2018. Traci Gruenberger, Mosaic’s executive director in Arizona, oversees Soreo’s day-to-day operations.

Mosaic also has a senior independent living facility in Menomonie, Wis., called The Oaks.
