Friend of Mosaic,

On behalf of the Mosaic Board Development Committee, I would like to thank you for your interest and commitment to the board development process as essential to the future success of Mosaic. The Board Development Committee is responsible for: establishing annual nominating priorities, and recommending candidates for election to both the Mosaic and The Mosaic Foundation Boards.

This prospectus outlines the priorities that have been established for the 2021 nominating cycle. It also includes an overview of Mosaic's foundational statements as expressed through our mission, vision and values statements. After reading through this document, you should have a good understanding about what is involved in serving on Mosaic's Board as well as a good idea of whether you or someone you know might satisfy the 2021 Nominating Priorities.

During this nominating cycle, the Board Development Committee will be accepting self-nominations and third party nominations (nominating someone other than yourself). If you know someone, personally or professionally, who has the personal characteristics and relationships in the areas identified in the 2021 Nominating Priorities, we encourage you to nominate them. By accepting both self-nominations and third party nominations, it will allow us to collect a large, diverse pool of candidates for board member positions.

Please look through this document with care. The Board Development Committee will review applications on a rolling basis beginning November 1, 2020, so we encourage you to submit your nominations now. Again, thank you for your commitment to Mosaic. We look forward to reviewing your nomination!

Sincerely,

A handwritten signature in black ink that reads "Linda Timmons". The signature is written in a cursive, flowing style.

Linda Timmons

President and CEO, Mosaic

How can I learn more about Mosaic?

The easiest way is to visit our website (www.mosaicinfo.org) where you can learn about our century-long legacy of service to people with intellectual and developmental disabilities.

In addition, every Mosaic agency offers regular opportunities to attend a one-hour Discover the Possibilities event which is a virtual tour of our Mission. This is a great way to learn about Mosaic in your community. Contact the local Executive Director or Community Relations Officer to find out about upcoming events.

Can you give me some details about the Boards?

- The Mosaic Board is comprised of sixteen members while The Mosaic Foundation Board has nine members.
- Board members may serve up to two consecutive three-year terms.
- Since we are recognized by the Evangelical Lutheran Church in America (ELCA), at least 50 percent of our Board members must be Lutheran.
- All Board members are volunteers with Mosaic covering the cost of travel, food and lodging.
- The boards meet in person three times a year on the last full weekends of February, June and October. These meetings are held in Omaha or at an agency location.

How much time is involved?

For the Mosaic Board, each member is appointed to serve on one committee, (Integrity, Development, Executive, Finance & Audit, or Investment). When looking at two-day board meetings and committee meetings (in person or virtually), it is reasonable to estimate 10 days annually to allow for travel.

The Foundation Board has representation on the joint Investment Committee and a joint Finance & Audit Committee. These committee meetings happen before the board meeting (in person or virtually). The board meetings are generally one-half day. An estimate of seven days a year, including travel time, is reasonable.

We encourage Board members to attend in person or virtual events at local agencies in order to gain familiarity with the services provided. Board members are also invited to the annual Mosaic Leadership Conference, which is held in Omaha, generally in the fall.

How does the nomination process work?

The Development Committee of the Mosaic Board is responsible for the nominating process for both Boards. The Committee determines the recruiting priorities in terms of professional experience, geography, etc. and reviews the resume and bios of those who are nominated for consideration. A slate

of candidates is presented during the June Board meeting with terms beginning the following meeting (October).

Prospective board members are invited to attend the June meeting as observers. The primary contact with prospective Board members is Linda Timmons, President/CEO of Mosaic and The Mosaic Foundation.

Who can I contact for more information?

You may speak with the person who approached you about a potential board position or contact Mosaic's CEO, Linda Timmons, by sending an email to mosaicCEO@mosaicinfo.org.

Statement of Board Nominating Priorities

The Development Committee continuously reviews the composition of both the Mosaic and The Mosaic Foundation Boards of Directors against the governance needs of the organization. Of paramount importance is the desire for candidates to engage (heart and head) with Mosaic's mission of service and advocacy to people with intellectual and developmental disabilities and their families.

Mosaic is committed to ensuring that the organization can effectively respond to the changing needs of a diverse population of people with intellectual and developmental disabilities and their families while also supporting a workforce that is culturally and ethnically diverse. The Committee is committed to bringing greater diversity to Mosaic and The Mosaic Foundation's Boards of Directors.

Additional considerations include:

- Current composition of the board including, racial, ethnic, gender, and geographical representation in places where Mosaic has a presence or strives to begin services
- Representation of Mosaic's constituency including those with intellectual and developmental disabilities and their family members
- Representation by members of the Evangelical Lutheran Church in American (ELCA)
- Evaluation of future needs as related to governance and strategy

Each year the committee identifies priorities for the upcoming nomination cycle. Outreach is conducted to identify candidates that meet the identified priorities with priority given to those who most closely align with the desired skills, experience, etc. Those who are not selected for the current recruitment cycle may be considered in future years.
