

A Gift of Grain

Support the work of Mosaic with a gift of grain.

When you gift a portion of your crop, it's the people served by Mosaic who truly reap the benefits.

We invite you to help provide a life of possibilities. Your gift will enable Mosaic to continue the work that began more than 100 years ago.

Harvest of Possibilities makes it possible for Mosaic to connect to the agricultural community in the areas we serve in amazing ways.

GIFT OF GRAIN DONATION FORM

Yes! I want to participate in Mosaic's **Harvest of Possibilities** program.

I want to give a total of _____ bushels of:

corn soybeans wheat other: _____

I want to give a cash gift of \$ _____

NAME

By signing this form, I certify there is no lien on this grain.

A Gift of Grain

How it Works.

1. Mosaic will set up an account at the local elevator or bin.
2. The farmer will deliver the commodity to an elevator or bin operator.
(The transfer should be from unsold crop inventory.)
3. The farmer gives ownership and control of the commodity to Mosaic by directing the elevator or bin operator to transfer the commodity to the name of Mosaic and to bill all future costs incurred with the commodity to Mosaic.
(Essentially, the farmer is “donating” the commodity to Mosaic. See NOTE below for tax benefit details.)
4. Mosaic will sell the commodity and receive the sale proceeds. Any sales invoice will name Mosaic as the seller of the commodity.
5. Mosaic will provide the farmer with a gift letter to be used as a donation receipt for their gift.

NOTE:

Cash gifts to a charity are deductible only if a donor itemizes deductions on Schedule A. Because many farmers take the standard deduction, often no tax benefit is gained by making charitable gifts of cash.

Contributing grain allows the farmer to avoid the sale of the commodity as income, while the production costs may still be deductible. Reducing taxable income may provide advantages such as minimizing or eliminating self-employment tax and reducing adjusted gross income.
