ABOUT MOSAIC

Mosaic is a whole-person healthcare organization founded in 1913 to support people with intellectual and developmental disabilities and other diverse needs with personalized services to live the life they choose.

Serving nearly **5,000 people** in **12 states**, Mosaic helps people reach their goals, which often include things such as improving health, restoring relationships, choosing where they live, securing employment, trying new activities, gaining independence, and much more. **What's important to them is important to us.**

DONOR-SUPPORTED OUTREACH

Mosaic partners with organizations in other countries to start disability services. By providing expertise and donor-funded gifts, successful programs are now self-sustaining in Latvia and Romania. Today, Mosaic works with an organization in Tanzania to help children with disabilities thrive.

Mosaic also helps faith communities across the U.S. celebrate each person's gifts and talents through Rejoicing Spirits. This ministry offers people of all abilities the opportunity to participate and serve in many roles as leaders in worship.
